Commissioner Hurst called the meeting to order at 3:05 PM.

Director Shults and Mr. Campbell updated the Committee on the ARPA and other projects including the Richardson Cove, Oma Lee, Deer Meadows, Nuns Cove, Emerts Cove, Dupont, and Milican Grove area.

Director Shults and Mr. Sanders updated the Committee on the status of the 2024 CDBG application. Mr. Sanders reminded the Committee of the requirements to apply for a new CDBG project. Due to oversight from a former Community Development Partners employee, CDBG informed Mr. Sanders that Sevier County would not be eligible for the 2024 projects. The oversight in question was scheduling the monitoring portion of the closeout of the previous CDBG project. Sevier County is not the only community that is currently being barred from applying for the 2024 period of projects. Mr. Sanders will be having a follow-up conversation with CDBG and will report back to Director Shults. The procurement of engineering services and administrative services and water samples can be used for the 2025 project application.

Director Shults presented the Water Department's recommendation to award the March 22, 2024 RFQ for Engineering Services to Robert G. Campbell & Associates and the RFP for administrative services to Community Development Partners, LLC. Commissioner Whaley made a motion to accept the recommendation. Commissioner Humble seconded the motion. The motion passed unanimously.

Director Shults presented Resolution 2024-04-XX: A Resolution To Update The Fee Schedule For The Department of Water Services. Commissioner Humble made a motion to approve the resolution and recommend for approval by the Sevier County Board of Commissioners. Commissioner Catlett seconded the motion. The motion passed unanimously.
