General Description

Effective July 1, 2021, Westside Regional Center (WRC) can fund for the following restored services:

- Camps
- Social Rec
- Education Services (3-17 only)
- Non-Medical Therapies

These services are now available!

Individuals are currently participating in services such as swimming, dance, karate, music, surf, day camps for children and adults, tutoring and non-medical therapies and more

Access to Services

The Main Objective

You can utilize services that could support your or your child's social and recreational needs.

We encourage you to schedule a meeting with your service coordinator to discuss your service options. We currently have 52 vendors in the category of restored services.

These services may be limited to certain age ranges due to the background experience and training of the vendors. Therefore, it is important to review the list of services with the service coordinator.

The list:

Service Servicio	Vendor# # de Vendedor	Vendor Name Nombre de Proveedor	Meeting Location Lugar de Reunión	Contact Information Información de Contacto	Notes Notas

Barriers

We recognize that there are barriers to services that include:

- wait lists
- insufficient or non-existent providers in your cities or areas
- insufficient providers that are willing and able to go through the vendoring process

We are working on developing more vendors and we are open to referrals of potential new businesses to work with

FMS Bill Payer Option

Requirements:

1) The business is not a traditional Regional Center vendor; and
2) The business offers services ***predominantly*** to individuals that **do not receive** Regional Center services. In other words, the program serves the general public.

*However, these businesses will need to be willing to complete a required paperwork and register with a Financial Management agency.

- W-9 Form
- Direct deposit information
- Commercial license

FMS Bill Payer Option

If you have not been able to find and utilize social recreational services, camps or other Restored services with traditional vendors, you can use other alternative programs in your communities that are willing to register with a Financial Management Service.

Consider the following:

- This funding is only for future start dates
- You cannot request past payments or retroactive payments
- It will take 30 to 45 days for the business to receive first payment
- Payment is processed at the beginning of services, as the majority of businesses that serve the general public may expect
- Ask for contact information for the person at the business who will be able to follow up with the FMS agency in order to provide this information to your service coordinator
- Ask for an invoice with a start date at least 40 days after the day you submit it to your service coordinator. The invoice should list the service, dates, and the rate for the service.
